Ben Cleveland
Former Intern

"My time at ECC has been filled with love and care from the community. This community at ECC has helped me out a lot. We were told that churches in England will probably not have you over for dinner but that was wrong. We had so many people do invite us over dinner that me and Amelia were not able to go to everyone's house for food. I also had the opportunity to serve the church in many different ways like Oasis to Little Seeds or kid's groups on Fridays. Our time here has been amazing, and we are very grateful for ECC. To be able to serve the church and the church to serve us has been amazing. This truly shows how a church should be run. A community that is willing to be served and to serve others."

"Working with Emmanuel Community Church and partnering with them through our internship program has been an absolute joy. They are well prepared and take seriously the opportunity to develop young leaders. ECC provides tracks to run on, but also gives interns freedom to be creative and try new things. I can wholeheartedly recommend to you the internship opportunities at ECC."
